## Maths

This week we will be having lots of fun with Addition !

Try one Interactive game per day to help reinforce your child's learning. (see list in Maths folder on drive)

## English

- Spelling workbook
- Over the Moon -more info on the drive
- Continue with your "Daily Diary" - it will be super to have to look back on and remember all the nice times you had at home with your family. Draw a picture about an activity you did that day (example played, went for a walk) and describe it.
- Oxford Reading Tree Interactive Reading

Click on the below links to access the online version of The Oxford Reading Tree Series with your daughter. Ideally they would have a brand new reader in their hands, but for now this alternative might help! I have linked three different levels of the series below, but if you feel your daughter should be on an alternative level, feel free to get in contact and we can find the right level for her.

Level 3

Level 4

Level 5

Your daughter may well choose a book and fly through it. If this is the case, that's fantastic, however ask her the questions at the back of the book or the following questions to make sure she understood the story.

This will help to assess the girls' levels of comprehension.

- What happened at the beginning of the story?
- Describe your favourite part.

- What happened at the end of the story? Do you like the ending?
- Would you change it?

**Gaeilge:**

See Google Drive for this week's lessons.

TG4 are broadcasting programmes each day from 9.30-11am, including programmes with educational themes such as 'Bia Linn', 'Ár Scéal' agus 'Am Foghlama le Timmy'. If you go onto TG4 player you will find other shows also, some of these are really nice and I think the children would enjoy them!

Irish language publishing house, Futa Fata have begun broadcasting a few minutes reading as Gaeilge for little ones at 11am every morning via their Facebook page and on Instagram too!
